

Memorandum Signed for “Experience Nature around Daisetsu Partnership”

TOKYO, Japan - July 13, 2018- ORIX Auto Corporation (“ORIX Auto”), together with Asahiyama Zoo, Furano Nature Academy, the National Taisetsu Youth Friendship Center, Lake Shikaribetsu Nature Center, Donkoro Outdoor School, and Daisetsuzan Nature School, announced that the seven companies and organizations have signed an agreement related to the “Experience Nature around Daisetsu Partnership” aimed at promoting regional tourism.

The goal of the Experience Nature around Daisetsu Partnership is to convey the beauty of nature, and work together to build a future in which humans and nature can coexist in harmony. This will be achieved through hands-on activities related to the natural environment and educational activities on the links between nature, food, and culture in the broader area surrounding the Daisetsuzan Volcanic Group of mountains in Hokkaido.

The seven members will work to centralize information on activities and events offered by their organizations and facilities, as well as enhancing publicity efforts by using their websites and social media, and jointly planning events such as stamp collection campaigns. They also plan to offer package deals, such as packages combining the rental of eco-friendly vehicles at ORIX Rent-A-Car with use of the facilities.

In the future, the members of the partnership will work together while enlisting the support of other facilities and organizations in order to share the appeal of Hokkaido’s natural beauty, food, and culture.

Details on the Seven Members of the “Experience Nature around Daisetsu Partnership”

(1) Asahiyama Zoo

(Headquarters: Asahikawa City, Hokkaido; Director: Gen Bando)

Chances to enjoy lively encounters with animals make this the most popular zoo in Hokkaido. The zoo is home to 730 animals from 137 species, including the ever-popular penguins and polar bears.

(2) Furano Nature Academy

(Headquarters: Furano City, Hokkaido; President: Kaoru Yamatani)

This facility, supervised by the writer So Kuramoto, runs a natural restoration project to reforest the former site of a golf course and an environmental education project using that

same land. Hands-on programs allow participants to experience Hokkaido's wilderness with all five senses, and employ dramatic impressions and stunts using theatrical techniques that make it fun to learn about the global environment.

(3) National Daisetsu Youth Friendship Center

(Headquarters: Kamikawa District, Hokkaido; Director: Toru Watanabe)

This center was opened by the Ministry of Education, Science and Culture (now the Ministry of Education, Culture, Sports, Science and Technology) in 1966 as Japan's fourth national youth center. Staff members support activities to aid in the healthy development of young people who will lead the next generation.
