

ORIX Life Expand Eligibility for its Health and Medical Care Consultation Services

- Available to all customers taking out medical, cancer, and specified disease insurance policies -

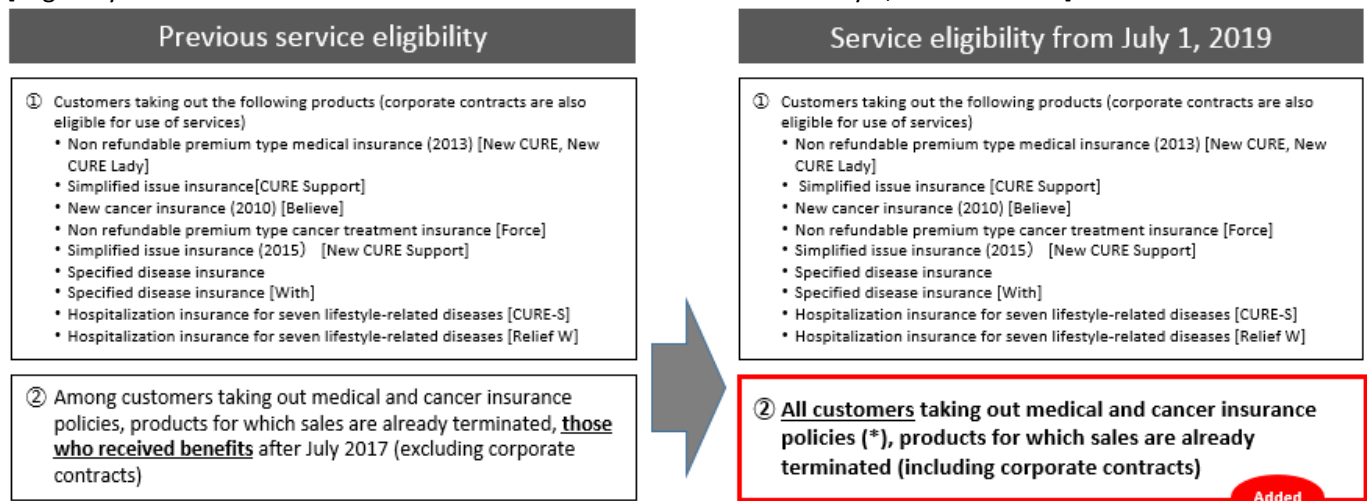

TOKYO, Japan - July 1, 2019 - ORIX Life Insurance Corporation (“ORIX Life”) announced that it expanded eligibility for its ORIX Life Health and Medical Care Consultation Services (“Health and Medical Care Consultation Services”) provided by highly specialized staff, making them available to all customers taking out medical, cancer, and specified disease insurance policies, starting on July 1.

The Health and Medical Care Consultation Services are services provided through T-PEC Corporation (head office: Taito-ku, Tokyo; president: Kenichi Sunahara). Until today, the service has been provided only to those who received benefits among customers taking out certain medical and cancer insurance policies marketed in the past (sales of which have been terminated). From now on, the service will be available regardless of whether benefits have been paid or not.

ORIX Life would like to support customers’ health in addition to providing economic security through life insurance. By making the Health and Medical Care Consultation Services available to a wider range of customers, we aim to provide much more support about health to customers.

ORIX Life will continue to aim to be an insurance company chosen as a life partner.

[Eligibility for the Health and Medical Care Consultation Services from July 1, 2019 onwards]

Added

(*) Term insurance with medical benefits, comprehensive medical insurance (2000), new comprehensive medical insurance (2001), medical insurance (2003), hospitalization insurance for seven lifestyle-related diseases, medical insurance (2007), term insurance with medical benefits for cancer treatment, new cancer insurance, new cancer insurance (2002)

[Outline of the Health and Medical Care Consultation Services]

Service name	Details	Eligible persons
24-hour phone health consultation service	Highly experienced consulting staff, including doctors, nurses, and public health nurses, provide support on a 24-hour-a-day, 365-day-a-year basis to help customers live a healthy life.	The insured and family members living in the same household
Second opinion service	Customers can receive a second opinion from various medical specialists (consultation doctors) who have experience and knowledge in their respective medical fields. This service enables customers to receive treatment with a greater sense of security.	The insured
Diabetes-specific support service	This is a service designed to help those who suspect they have diabetes (but have yet to receive a medical examination) as well as those who are undergoing or suspending treatment. It allows them to receive appropriate treatment by answering various questions from them on the phone.	The insured
Nursing care and dementia support service	Care managers and other consulting staff answer various questions and provide advice regarding nursing care and dementia, thereby helping to ease customers' anxiety as much as possible.	The insured and family members living in the same household
Counseling service for prevention of deterioration and recurrence	Highly experienced staff, including nurses and public health nurses, propose improvements in lifestyles, such as meals, exercise, and smoking, and continuously provide support to customers who have received benefits for myocardial infarction, brain infarction, and other diseases.	The insured who has received benefits for a disease covered by the insurance, as well as family members living in the same household

* Each service operates under a certain set of conditions. Please inquire about these conditions when using each service.
