

Deposit Balance Exceeds Two Trillion Yen

TOKYO, Japan - August 8, 2019 - ORIX Bank Corporation (“ORIX Bank”) announced that its total deposit balance (including negotiable certificate of deposits) has surpassed 2 trillion yen.

ORIX Bank has expanded its business through the provision of products and services focused on specialized niche fields, such as real estate investment loans. In addition, we are able to offer high term deposit interest rates as a result of reduced infrastructure costs resulting from not maintaining branches, ATMs, and payment and settlement functions for bank accounts. ORIX Bank has been selected by customers as the main destination for depositing surplus funds, and the average deposit per customer*¹ exceeds 8 million yen.

In addition to real estate investment loans, ORIX Bank offers products and services that meet customers’ financial service needs in their lives for saving, investing, making preparations, and borrowing such as investment trusts, various trust products and card loans. Going forward, we will strive to remain a bank that is selected by customers.

*¹ The average deposit balance of customers holding term deposits, excluding customers who only hold ordinary deposits.
