

ORIX Ties up with Banks to Provide Guarantee for SDGs Promotion Support Loans for the First Time

TOKYO, Japan – June 30, 2022 - ORIX Corporation (“ORIX”) announced today that it will provide a new SDGs promotion support-type guarantee service for loans from financial institutions.

ORIX ties up with a total of 192 financial institutions to provide guarantee services for unsecured business loans to companies and sole proprietors. In this new service, ORIX will apply preferential guarantee charge rates to companies and sole proprietors if they sign a declaration on SDGs initiatives predetermined by financial institutions when obtaining loans from these financial institutions.

ORIX entered into a business tie-up with The Shimizu Bank, Ltd. as the first in this service. Shimizu Bank started the “Shimizu SDGs Initiative Support Service” in October 2021, by which it is promoting SDGs activities in the area through supporting its customers’ formulation of SDGs declarations. ORIX will deduct up to 0.1% from general guarantee charge rates for customers who sign the SDGs declarations when they submit new applications for the “Shimizu Business Loans,” Shimizu Bank’s unsecured business loans.

ORIX Group established new ESG-related material issues and key goals^{*1} last year and is promoting sustainability activities. Through the provision of this service to nation-wide financial institutions, the Group will promote the SDGs initiatives of its customers (companies and sole proprietors) and contribute toward realizing a sustainable society.
