Editorial Policy

We produced ORIX *Integrated Report 2020* by combining financial and non-financial information with a primary focus on giving shareholders, investors and a wide range of other stakeholders a multifaceted understanding of ORIX's sustainable growth. The report for this fiscal year is structured to explain our process for creating value, through which we achieve our vision, as well as our foundation for creating value. We hope readers will understand ORIX's basic approach of contributing to the economy and society through its business activities and our roadmap for value creation over the medium and long term. We produced this report with reference to the International Integrated Reporting Framework of the International Integrated Reporting Council (IIRC) and the Guidance for Collaborative Value Creation of the Ministry of Economy, Trade and Industry.

Please refer to our *Sustainability Report* for more information on ORIX and its goal of sustainable growth from a longer-term perspective.
