Basic Profit Distribution Policy and Reason for Changing Per Share Dividend

ORIX aims to increase shareholder value by utilizing the profits earned from its business activities that were secured primarily as retained earnings, for strengthening its business foundation and investments for growth. At the same time, ORIX will make steady and sustainable distribution of dividends that reflect its business performance.

Regarding share buybacks, ORIX will take into account the adequate level of retained earnings and act flexibly and accordingly by considering the factors such as changes in the economic environment, trend in stock prices, and the company's financial condition.

Given the growth of our profit, the annual dividend is raised to 23 yen per share from 13 yen* in the previous fiscal year.
