

Announcement Regarding the Continuation of the “Furusato Yutai” Shareholder Benefit Program

TOKYO, Japan – January 30, 2018 – ORIX Corporation (“ORIX”) announced today the continuation of its “Furusato Yutai¹” shareholder benefit program, as noted below, for individual shareholders of record as of March 31, 2018.

The “Furusato Yutai” program is a shareholder benefit program wherein individual shareholders domiciled in Japan may select one product from a gift catalog containing specialty products furnished by the ORIX Group’s business customers from each region in Japan. Offering a higher level of catalog gifts to those shareholders² who have held 100 or more shares, which constitute one trading unit, for a continuous period of three or more years.

This program has gotten favorable reviews since its start in 2015. Together with growth in corporate earnings and shareholder return measures such as dividends, the number of individual shareholders increased from approximately 50 thousand at the end of March 2014 to approximately 225 thousand at the end of March 2017, which increased by approximately 4.6 times.

Through the “Furusato Yutai” program, ORIX hopes to send a message to its shareholders that ORIX highly values its relationship with its customers and considers this nationwide business network to be the foundation of its own business, and that by supporting its customers’ business expansion, ORIX will continue to contribute to the growth and prosperity of Japan.

Note that the existing “Shareholder Benefit Card”, a separate ORIX shareholder benefit program to Furusato Yutai, will continue next fiscal year. Under this program, shareholders can enjoy various privileges including discounts on tickets to professional baseball games, use of car rentals, and admission to aquariums from the ORIX Group, when they patron ORIX facilities with their Shareholder Benefit Cards.

ORIX will continue striving to deepen its shareholders’ understanding of its corporate philosophy, management policies and diversified businesses, while achieving growth in the medium to long term.
